Dear Mario,

Blessings to you, your family, and to the entire Array of Hope family.

I write with a grateful heart to thank you for bringing *The Behold Experience* to St. Andrew's this past March. Those three evenings were truly a gift to our parish, an invitation to encounter Our Lord in the Most Holy Eucharist in a deeper, more personal way.

Through the beauty of the music, the richness of the talks, and the sacred moments of adoration and reconciliation, many of our parishioners were profoundly touched. It was evident that the Holy Spirit was at work, drawing hearts closer to Jesus, truly present in the Blessed Sacrament.

Your mission beautifully supports the Church's call in this time, when we need to understand and see more clearly the Sacrament of the Eucharist, helping people rediscover Christ's living presence among us. The integration of proclamation, worship, and reverent celebration of the sacraments created a powerful space for grace, healing, and renewal.

Please know of my gratitude and my prayers for you and your team. May the Lord continue to bless your ministry abundantly and open many doors for you to share this experience with other communities. If it is God's will, we would be blessed to welcome you again at St. Andrew's.

Be assured of my prayers.

In Christ,

Fr. D. (Diego Navarro)
